

Overview

Outsourced CIO solutions for institutional investors

Commonfund has provided asset management and outsourced CIO services to institutional investors for over fifty years and has offered total portfolio outsourced CIO advisory solutions since 2001. Commonfund has approximately \$29 billion in AUM on behalf of 1,692 investors, which includes approximately \$16 billion in assets managed on behalf of 118 OCIO advisory solutions clients. Our client roster includes leading educational endowments, foundations, cultural institutions, operating charities, and healthcare organizations.

Helping nonprofit institutions maintain equity across generations in the stewardship of financial assets is our unwavering goal. Commonfund, through our outsourced CIO practice, is unique in this focus.

Outsourced CIO Model Resources

Our model includes investment and risk management; manager research and due diligence, operational and administrative back-office capabilities; custom reporting and analytics; and research and education to investors in the program. As such, a relationship with Commonfund is tailored to each client’s specific needs and includes these resources.
