HOW WE PURSUE OUR GOALS IS THE KEY DIFFERENCE THAT SETS US APART. OUR INVESTORS BENEFIT FROM THREE MUTUALLY SUPPORTIVE COMPONENTS THAT SERVE AS THE CORE OF OUR MISSION SINCE OUR FOUNDING:

commonfund

performance
service
insight
COMMONFUND WAS FOUNDED IN 1971 AS AN INDEPENDENT ASSET MANAGEMENT FIRM FOCUSED ON NOT-FOR-PROFIT INSTITUTIONS. WITH $23 BILLION IN ASSETS UNDER MANAGEMENT WE:

- HAVE THE FLEXIBILITY AND SCALE TO INDEPENDENTLY SOURCE INVESTMENT MANAGERS THAT MAY OTHERWISE BE UNAVAILABLE TO OUR INVESTORS

- PROVIDE ASSET MANAGEMENT SERVICES SUPPORTED BY RESOURCES AND EXPERTISE ACROSS INVESTMENTS, RISK, OPERATIONS AND SERVICE THAT WE BELIEVE ANY SINGLE INSTITUTION WOULD ASPIRE TO ASSEMBLE ON THEIR OWN

- OFFER A COMPREHENSIVE RANGE OF PUBLIC, PRIVATE AND ALTERNATIVE ASSET CLASSES AND STRATEGIES TO HELP OUR INVESTORS FULFILL THEIR MISSIONS

OUTSOURCED SOLUTIONS

Through our U.S. registered investment adviser, Commonfund Asset Management Company, Inc., we offer not-for-profit institutions a diverse spectrum of portfolio management services based on their needs, preferences and resources.

For those institutions that seek a discretionary investment management and advisory program, we provide fully customized professional management of investment portfolios along with a dedicated team to serve as an extension of your investment committee and internal staff resources. We can deliver everything from investment policy design to portfolio construction, day-to-day execution, risk management, consolidated reporting and operational assistance.

For those institutions that seek an integrated solution to elevate and simplify the professional management of their investment pools, but who want to maintain discretion over asset allocation and rebalancing decisions, we provide the ease and diversification of multi-asset, multi-manager vehicles combined with simple, unified reporting.

STRATEGY MANDATES

In addition to working with investors on their total portfolio, our registered investment adviser subsidiaries also have the flexibility to assist on a particular strategy area or single mandate within a portfolio. This approach allows us to partner with an institution’s Investment Committee and staff such that we focus on areas that are particularly resource intensive or complex. Examples include:

- Alternative investment strategies
- Private capital

OPERATING ASSETS MANAGEMENT

Commonfund also offers investment solutions for operating assets that are tailored to each institution’s unique needs, taking into account cash flow patterns, risk management and liability considerations. Commonfund Treasury Solutions offers programs at three liquidity levels — daily, weekly or longer periods for core balances. We take a strategic approach to operating assets management that is designed for institutions (public and private) maintaining $50 million or more in operating assets and that have limited internal resources.
Experienced service professionals and technology are hallmarks of our commitment to service. Our investors are serviced by a dedicated organization of Relationship Officers for consistent, timely support.

**Risk management: a core discipline**
Commonfund’s enterprise risk management framework seeks to address a wide range of risk factors, including strategic, investment, operational, balance sheet, credit/counterparty, by-product and liquidity risks. Our Chief Risk Officer leads an independent Risk Management Team that closely collaborates with each investment group, all for the ultimate benefit of our investors. This collaborative approach enables us to focus on fulfilling our responsibilities to our investors, while also mitigating exposure to financial harm, operational failure, litigation or reputational damage.

**Technology tools & reporting**
All Commonfund investors have access to online tools that provide capabilities for monitoring and managing account information, transactions, performance, allocations, positions and more.

**Asset allocation and portfolio modeling**
We can help investors understand the implications of asset allocation decisions and spending rules for financial outcomes given our forward-looking return and risk expectations.

**PRIVATE CAPITAL**
Having managed more than $17 billion in committed capital since 1988, and with a staff of over 50, our private capital registered investment adviser, Commonfund Capital, Inc., partners with investment managers to offer private investment programs in:

- Global venture capital
- U.S. private equity
- Global (ex-U.S.) private equity
- Real assets and sustainability
- Emerging markets
- Co-investments
- Secondaries

**RESPONSIBLE INVESTING PROGRAMS**
We are known for Environmental, Social and Governance (ESG) and impact investing and have the ability to provide investment programs that can meet the needs of institutions who desire a tight alignment between their mission and their portfolio through approaches such as:

- Environmental, Social and Governance criteria
- SRI compliant strategies
- Sustainable natural resources and low carbon considerations

**COMMONFUND PROFILE**
The Common Fund for Nonprofit Organizations, our parent company, is a nonprofit membership organization governed by a board of trustees. The board is led by an independent, non-executive chair and with the exception of the President and Chief Executive Officer, trustees are elected by Commonfund’s member institutions.

**OUR INVESTORS**
Our institutional investors represent:

- Educational endowments, foundations and philanthropic organizations, hospitals and healthcare organizations
- Family offices and trusts
- Pension plans and plan sponsors
- Insurance companies
- Sovereign wealth funds

**OUR ORGANIZATION**
We are staffed by over 150 professionals devoted to the functions that are central to our mission: asset management, risk management, service, information technology, operations, legal and compliance, and education.
insight and advancement
